

# Stars and Stories

# Have you ever looked at the stars at night and imagined pictures in them?

# Have you ever looked at the stars at night and imagined pictures in them?

The imaginary pictures are called **constellations**

# Orion the Hunter

# The story of Orion and the Scorpion

Orion was a  
mighty hunter.

He claimed he  
could hunt  
every animal in  
the world.

Mother Nature  
did not like that.

She sent a  
giant scorpion,  
called Scorpius,  
to scare Orion  
away.

In the winter,  
we see Orion in  
the sky....

But in summer,  
Scorpius  
chases Orion  
away.

He's gone until  
next winter.

Can you guess the animal  
hidden in the constellation?

# The Great Bear!

# Leo the Lion!

# Cygnus the Swan!

# We are going to make our own constellations!
